1. You see, Ted, I am not limited by time or space as you know it, in order to take you wherever I want to take you, to speak the words that I want to speak that will come through your mouth, come through your heart, come through your mind, because it is given to Me wholly. I am not limited and I am not limiting you. I will not limit you.

I will not limit you as long as you do not limit Me, and you are not limiting Me and I thank you for not limiting Me, and I thank you for taking the limits off of My people and helping them see that I operate outside of time and space and the limitations that they know and that they operate in.

2. I love you and I bless you and I will take you into orthodoxy. I will take you into religions that compete and that completely and utterly, you do not understand, so that you can show them respect and honor and aspects and attributes of My Living New Covenant.

I love you and revealing Myself I am continuously to you and to everyone that wants Me. You will walk and talk and you will walk the walk and you will talk the talk that I give you, and speak the words that I give you, and you will confidence My people to speak My words, of every label to speak My words. I love you and I give you Me. I give you Me and I withhold Myself not. I give you Me. I give you Me now and I withhold Myself not.

3. Know that I love you and I thank you for being part of these Trialogues (1), dialogues with Me, about Me, so that you know, so that you know, so that you grow, so that you carry Me in the places where often obscure I have been, but opening the doors, opening the windows, the gates of iron, the doors of brass, and unlimited opportunity for you to share Me and be Me. I love you and I bless you this day.

4. Lift the leadership that I have called you to lift. Lift the timid, loose their tongues, fill their pens, and books make through My leadership, My leadership replete throughout My body. Leadership and leadershipping, leadershippable—all arising—maturing into one.

5. I love you. Thank you. Thank you for being Me. Thank you for reading, writing, sacrificing, and lifting My body, loving My body, loving Me, intimacy with Me only.

I thank you.
I love you and I bless you this day.
